

# Count on us as your chiropractic billing team...

We specialize in the billing needs of chiropractic offices in Michigan, Minnesota, Oklahoma and Wisconsin, allowing our clients to focus on patient health, growth and education. But, we're not just experienced billing specialists...we're also dedicated chiropractic patients. That's why we're so passionate about your needs; we know that a worry-free successful billing system will allow our doctors and their teams to focus on the health and wellness of their patients, their communities and our world. When we say our goal is your success, we mean it.

## Why Choose Money Tree Billing?

You'll have more money in your pocket because...

- **We Collect More:** We have a 96% average collection ratio! This is much higher than most other billing companies and internal billing departments.
- **We Cost Less:** By utilizing our services, you have no billing employee overhead (i.e.: payroll taxes, vacation pay/coverage and other benefits). In addition, we save you costs associated with billing employee training, turnover and other staffing headaches.
- **We Take All the Risk:** We get paid only when you get paid

## How Do We Do It?

Our background, experience, and work ethic speaks for itself...

- **Our Services Are Exclusive To Chiropractic:** We have over 40 years of combined chiropractic billing experience and we're certified chiropractic reimbursement specialists. You can count on us to understand your business and office's needs.
- **Our Stable Team of Professionals:** Our specialized departments handling every step of your claims. We don't just focus on the "low hanging fruit". We are uncompromising with our consistent follow-up.
- **We Work Harder and Care More:** We are proud of our superior collection percentage and take it personally if we don't collect.

## How Do You Know We're Telling The Truth?

We know it's easy to advertise great results, but we back that statement with our "No Claim Left Behind Guarantee"...

*If your claim goes unpaid due to our error, we will credit you the amount you would have been paid on that claim.*

**Call 763-331-0358 today for more information or visit us online at [www.moneytreebillingllc.com](http://www.moneytreebillingllc.com).**

## Technology leveraged for your success...

*We require that our clinics use Eclipse Practice Management Software, which allows us to provide them the best in service! You'll see your accounts in real time, have the option of calling us regarding any data entry or Eclipse questions that may arise, and have your database (accounts) maintained by our staff (regardless of date or service or if Money Tree Billing was the original billers on the account). Technology leveraged for your success!*

### Billing Services

- Electronic claim submission
- Provide claim follow-up
- Verify monthly patient statements
- Provide your clinic with monthly statistics
- Billing department support as needed
- Aging reports
- Client care calls as needed
